

AIO's commercial 26482 Series 1, PT's ARE RoHS compliant!

Existing products that do not meet RoHS requirements can easily be changed to meet these environmental guidelines through simple part number modifications shown below.

RoHS Compliant Modification Codes

- (025) Non-conductive Black Zinc Cobalt connector plating
- (027) Conductive Black Zinc Cobalt connector plating
- (470) Non-conductive Black Zinc Cobalt connector with Strain Relief
- (476) Conductive Black Zinc Cobalt connector with Strain Relief

Part Number Identification

Non-RoHS Solder Part Number MS3112E10-6P

Non-RoHS Solder Part Number PT02E-10-6P

RoHS Solder Part Number

PT02E-10-6P(025)

Non-RoHS Crimp Part Number MS3126F14-15S

Non-RoHS Crimp Part Number PT06SE-14-15S(SR)

RoHS Crimp Part Number

PT06SE-14-15S(476)

RoHS compliant as of 1/1/2005 parts purchased prior to this date cannot be confirmed compliant
